Improved Navigation

September's release also gives you:

- Faster load of the Homepage and Search Results pages.
- Improved navigation tabs to view what is available without further clicks.
- An extended search box that allows greater visibility of your search terms and matches.
- 'My Portfolios', 'My Alerts' and 'My Events' links at one click away.
- Simplified navigation of research types that are more meaningful to you.
- And new easy to access 'Legal Structure' and 'Support Type' filters on the Financial Institutions and Structured Finance landing pages respectively...

Topics Alerts

You can now set up alerts from the Topics pages using the left-hand side filters. Like for the other filters, you can create alerts just on Topics or include Topics in your browsing.

You can also add topics to an existing custom alert. Click on 'My Alerts' link then select the 'Custom Alerts' tab and the alert to which you wish to add a topic. Click on the 'Edit' link, check the topics you wish to add then save the changes.
