

Policy for Sovereign Ratings

Issued by:	MIS Compliance Department
Applicable to:	All MIS Employees, and relevant Moody's Shared Services Employees supporting the MIS ratings process
Scope:	Global
Effective Date:	March 19, 2018

POLICY

1. Applicability

This policy applies to all Sovereign Credit Ratings and Sub-Sovereign Credit Ratings that fall under the definition of an EU Sovereign Credit Rating, including, if applicable, any related rating Outlook or rating Review¹, except as noted. All other policies relating to the credit rating process apply to Sovereign Credit Ratings and Sub-Sovereign Credit Ratings that fall under the definition of an EU Sovereign Credit Rating to the extent that those policies do not conflict with this policy. To the extent that another policy conflicts with the provisions contained in this policy, this policy shall prevail. This policy does not apply to the Credit Ratings issued for municipal and municipal-related entities within the United States or Sub-Sovereign Credit Ratings that are not captured by the definition of an EU Sovereign Credit Rating².

2. Review of Ratings

All Sovereign Credit Ratings for individual countries, supranational entities and those Sub-Sovereign entities that appear on the Sovereign Release Calendar must be reviewed at least every six (6) months. All other Credit Ratings will be reviewed, at a minimum, on an annual basis. Other than this requirement regarding the frequency of certain Credit Rating reviews, all other terms of the Policy on Review of Credit Ratings and Conduct of Portfolio Reviews shall apply to Credit Rating reviews on the six month cycle.

3. Required Advance Notice of EU Ratings and Reviews/Outlooks

MIS shall send to the European Securities and Markets Authority (ESMA) and publish on www.moodys.com by the end of December each year, the Sovereign Release Calendar for the forthcoming year that sets out the dates for the publication of solicited and Unsolicited EU Sovereign Credit Ratings. Any updates made to the Sovereign Release Calendar throughout the year, must also be provided to ESMA and published on

¹ All references to a Sovereign Credit Rating in this document shall include the Credit Rating and to the extent applicable, any related rating Outlook or rating Review.

² The EU definition of "Sovereign" credit ratings is more expansive than traditional Moody's use of the term and can include entities that have been traditionally viewed and categorized as a sub-sovereign entity by Moody's internally, including certain special purpose vehicles. For the purposes of this document, the term "sovereign" will follow the more expansive EU definition.

www.moodys.com. These publication dates for both solicited and Unsolicited Credit Ratings must be on a Friday.

Deviations from the Sovereign Release Calendar are permitted in situations where maintaining the Credit Rating at the existing level may give a false or misleading impression regarding MIS' current opinion of the creditworthiness of the relevant entity or the debt. Additionally, Anticipated/Subsequent Ratings may be issued on non-calendar days when such deviations from the Sovereign Release Calendar will help to ensure the orderly functioning of the debt markets.

4. Single Country Credit Rating Announcements For EU Member States

Where the Lead Analyst is located within the EU, when announcing a Credit Rating Action for an EU Member State, MIS will not combine, in the same Credit Rating Announcement, an analysis concerning more than one EU Member State. However, MIS is permitted to issue an umbrella press release indicating that two or more Credit Rating Announcements for EU Member States have been published.

5. Prohibition on EU Policy Prescriptions/Recommendations

In addition to the terms of the Policy Banning Recommendations Associated with Credit Ratings, additional requirements regarding the analysis of a particular sovereign's policies shall apply to EU Sovereign Credit Ratings. While policy analysis may serve as an element underlying a Credit Rating determination, the following shall not be included in the Credit Rating Announcement: 1) policy recommendations, or 2) policy prescriptions, or 3) policy guidelines for the Rated Entity to follow. MIS will also apply this prohibition to credit research materials related to EU Sovereign Credit Ratings.

6. EU Limitations Related to the Communication of Rating Actions or Potential Rating Actions

All Credit Rating Actions for those issuers, and their instruments, listed on the Sovereign Release Calendar, except for Anticipated/Subsequent Ratings, are to be published after the close of business hours of EU regulated markets and at least one hour before they open. To meet this requirement, MIS will release all Credit Rating Actions on EU Sovereign Credit Ratings after the close of markets at 21:30 (9:30 PM) London time or prior to the opening of markets at 06:00 (6:00 AM) London time.. In accordance with current policies and procedures, the announcement of changes or the intent to review for changes to EU Sovereign Credit Ratings, shall be communicated via a Credit Rating Announcement.

7. Credit Research and Confidential Information

MIS may continue to publish credit research on sovereigns and their debt. However, credit research should not be used to announce any changes to or the intent to review for changes to an EU Sovereign Credit Rating. Additionally, whenever Issuer Confidential Information regarding a sovereign has been provided to MIS, this information should be treated in accordance with MIS's existing policies and procedures relating to the treatment of Issuer Confidential Information. Employees producing credit research, in accordance with current policies and procedures, will endeavor to: 1) preserve the confidentiality of such information provided by an Issuer or Agent, 2) refrain from publicly disclosing said confidential information, unless the issuer has granted permission to disclose the information, and 3) refrain from selectively disclosing Issuer Confidential Information and Non-Public information about a future Sovereign Credit Rating action. For more information see the MIS Code of Professional Conduct and the Policy for Material Non-Public Information .

8. Required Information Associated with a Sovereign Rating

Whenever a Credit Rating Announcement is published regarding a Sovereign Credit Rating, MIS will explain,

in a clear and easily comprehensible manner, the assumptions, parameters, limitations uncertainties and any other elements that were taken into account when deciding the Rating or Review and/or Outlook determination. Generally, Credit Rating Announcements serve as the method for disseminating this required information. For Subsequent/Anticipated Ratings, the original Credit Rating Announcement for the underlying Credit Rating will serve as the method for disseminating this required information. Additionally, when the rating determination involves either 1) a change from the current Rating, Review and/or Outlook status, or 2) an affirmation of a Rating, or 3) a confirmation of a Rating, or 4) the assignment of an initial Rating, the accompanying publicly disseminated information shall include a detailed evaluation of the quantitative and qualitative factors, and their relative weighting, that were taken into account when making the rating change determination. In that same public dissemination, MIS must also provide summary meeting minutes for the rating committee and any required standardized economic statistical information applicable to that Sovereign Credit Rating.

DEFINED TERMS

Agent

Any party working on behalf of a Rated Entity, or working on behalf of an Agent of the Rated Entity.

Anticipated/Subsequent Ratings

Credit Ratings that are derived exclusively from an existing Credit Rating of a program, series, category/class of debt or primary Rated Entity. This includes:

- » An assignment of a Credit Rating to a new issuance, take-down or take-down-like debt within or under an existing rated program, without impact on the program's Credit Rating (including covered bonds, frequent issues from a "shelf registration" or Credit Ratings released from MTN and Euro MTN queues);
- » Credit Ratings based on the pass-through of a primary Rated Entity's Credit Rating, including monoline or guarantee linked ratings;
- » An assignment of Credit Ratings to securities of the same seniority and general terms as previously rated debt when existing Credit Ratings had already contemplated issuance of that debt (including Credit Ratings released from Federal Agency Queue issued by federal agencies or other specialty common queues). This also includes Credit Ratings assigned to new debts or amended and extended credit facilities which replace similarly structured debts or credit facilities at the same rating level;
- » An assignment of a definitive Credit Rating to replace a previously assigned provisional rating (i.e., (P) rating) at the same rating level, or a definitive rating assigned to a security being issued from a program carrying a provisional rating, in each case where the transaction structure and terms have not changed prior to the assignment of the definitive Credit Rating in a manner that would have affected the Credit Rating.

Credit Rating Action

A Credit Rating Action is any one of the items below:

- i. the assignment of a Credit Rating to a Rated Entity or obligation, including Anticipated/Subsequent Credit Ratings;
- ii. a change in a Credit Rating (i.e., upgrade or downgrade);
- iii. placing a Credit Rating on Review, changing the direction of an existing Review or taking a Credit Rating off Review (i.e., Credit Rating Confirmation);
- iv. the assignment or change in an Outlook associated with a Rated Entity or one or more Credit Ratings;

- v. an Affirmation of a Credit Rating; and
- vi. a Withdrawal of a Credit Rating.

Credit Rating Announcement

A Credit Rating Announcement is a written communication that may be used to announce the publication of a Credit Rating Action related to public Credit Ratings, Unpublished Monitored Loan Ratings or Unpublished Monitored Private Placement Ratings. MIS may also publish a Credit Rating Action related to public Credit Ratings on www.moodys.com that is not accompanied by Credit Rating Announcement.

Credit Rating Personnel

Credit Rating Personnel are MIS Analysts, Managers of MIS Analysts, and any other MIS Employees in credit rating analytical roles who are involved in the development or approval of procedures or methodologies used in providing Credit Rating Services, Ancillary Services or Other Permissible Services. The definition of Credit Rating Personnel excludes any MIS Employee assigned to a rating team who: (1) is not involved in the Rating process or (2) supports the Rating process solely through administrative tasks, such as entering information into internal systems.

EU Member State

Any country that is 1) a member of the European Union, or 2) an applicant country to the European Union, or 3) a candidate country for European Union membership, or 4) a country recognized by the European Union for membership that has not yet begun the process of applying for membership.

EU Sovereign Credit Rating

An EU Sovereign Credit Rating is:

- » where the Lead Analyst is located within the European Union or a branch of a Moody's European Union based entity;
- and
- » the rating is of a State or regional or local authority of a State, i.e. regional or local government, or
- » the ratings is of a debt or financial obligation, debt security or other financial instrument of a State or a regional or local authority of a state, i.e. regional or local government; or of a special purpose vehicle (SPV) for states, regional or local authority of a State, or
- » the rating is of an international financial institution established by two or more states which has the purpose of mobilizing funding and providing financial assistance to the benefit of its members that are experiencing or threatened by severe financing problems.

For the purposes of this definition, SPV's include only those entities that were established directly by

government(s) and do not undertake any real activity beyond acting as a financing conduit. As such, this would NOT include any of the financial institutions created to hold or divest the non-performing assets of banks (commonly referred to as “bad banks”), as these entities have substantial financial operations requiring decision-making by their management. Additionally, a sovereign SPV would NOT include any entity established as part of a Public Private Partnership project, as these SPVs were not established by government(s) and therefore are not considered an SPV for states, regional or local authorities.

Decisions as to whether or not an entity should be included as a SPV rest with a committee formed of MDs from the Sovereign and Sub-Sovereign Rating Groups.

Issuer Confidential Information

Issuer Confidential Information is any information received by MIS from an Issuer, its affiliates or its Agents in connection with the rating process or in connection with providing Ancillary Services or Other Permissible Services in respect of which MIS has received written notice specifically indicating the proprietary and confidential nature of the information. The existence of the effective contract agreement is the key to distinguish between “unsolicited” and “solicited”.
