

EU Policy for Analyst Rotation

Issued by: MIS Compliance Department
Applicable to: All Key Analysts
Scope: All Covered EU Ratings
Effective Date: October 1, 2018

I. SCOPE

MIS has adopted this Policy to implement a gradual rotation mechanism for Lead Analysts, Rating Analysts and Persons Approving Credit Ratings (“Key Analysts”) who are assigned to a Covered EU Rating. For each Covered EU Rating, the relevant Key Analysts are subject to the Policy in any one of MIS’s global offices.

II. POLICY

MIS’s approach to Analyst Rotation is designed to rotate Key Analysts from Covered Entities. Upon assignment to a Covered EU Rating, a Key Analyst is presumed to be involved in Credit Rating Activities with regard to the relevant Covered Entity.

For each Covered EU Rating, MIS will rotate:

- a. Lead Analysts assigned to the same Covered Entity after a maximum Time On Period of 4 years.
- b. Rating Analysts assigned to a Covered Entity after a maximum Time On Period of 5 years;
- c. Persons Approving Credit Ratings (PACRs) assigned to a Covered Entity after a maximum Time On Period of 7 years.

Other than for an Unsolicited Credit Rating and/or an EU Sovereign Credit Rating of a Covered Entity, the effective date to commence a Cooling Off Period will be no later than 30 June 2018 for relevant Rating Analysts and no later than 30 June 2020 for relevant PACRs.

After the maximum Time On Period, each Key Analyst will be subject to a Cooling Off Period before he or she can engage in Credit Rating Activities or be re-assigned as a Key Analyst to the same Covered EU Rating or relevant Covered Entity.

Managing Directors in the lines of business are responsible for overseeing that Key Analysts are assigned to undertake Credit Rating Activities in a way that adheres to this Policy.

DEFINED TERMS

Agent

Any party working on behalf of a Rated Entity, or working on behalf of an agent of the Rated Entity.

Cooling Off Period

A Cooling Off Period is the continuous two (2) year period that follows after the Time On Period and during which the relevant Key Analyst is not permitted to engage in Credit Rating Activities with respect to that Covered EU Rating and its relevant Covered Entity.

Covered Entity

A Covered Entity is a Rated Entity that has an active Covered EU Rating assigned to it or issues securities that have an active Covered EU Rating assigned to them, and, where relevant, any legal entity that acts as a Related Third Party for Analyst Rotation (RTPAR) to that entity.

Covered EU Rating

Covered EU Ratings are:

Public Credit Ratings issued where the Lead Analyst is employed by MIS France, Germany or UK (including its branches).

Credit Rating

A Credit Rating is an opinion from MIS regarding the creditworthiness of an entity, a debt or financial obligation, debt security, preferred share or other financial instrument, or of an issuer of such a debt or financial obligation, debt security, preferred share or other financial instrument, issued using an established and defined ranking system of rating categories.

Credit Rating Action

A Credit Rating Action is any one of the items below:

- i. the assignment of a Credit Rating to a Rated Entity or obligation, including Anticipated/Subsequent Credit Ratings;
- ii. a change in a Credit Rating (i.e., upgrade or downgrade);
- iii. placing a Credit Rating on Review, changing the direction of an existing Review or taking a Credit Rating off Review (i.e., Credit Rating Confirmation);
- iv. the assignment or change in an Outlook associated with a Rated Entity or one or more Credit Ratings;
- v. an Affirmation of a Credit Rating; and
- vi. a Withdrawal of a Credit Rating.

Credit Rating Activities

Credit Rating Activities means data and information analysis, evaluation, approval, issuance and the review of Credit Ratings and, if applicable, the related rating Outlook or rating Review. Credit Rating Activities do not include: (a) participating but not voting in a rating committee and/or portfolio review; (b) sharing knowledge and providing background information either with regard to the Credit Rating or as part of a comparison and/or portfolio review; or (c) conducting research including participation in the creation or updating of methodologies,

models or assumptions.

EU Sovereign Credit Rating

An EU Sovereign Credit Rating is:

- » where the Lead Analyst is located within the European Union or a branch of a Moody's European Union based entity;
- and*
- » the rating is of a State or regional or local authority of a State, i.e. regional or local government, *or*
- » the ratings is of a debt or financial obligation, debt security or other financial instrument of a State or a regional or local authority of a state, i.e. regional or local government; or of a special purpose vehicle (SPV) for states, regional or local authority of a State, *or*
- » the rating is of an international financial institution established by two or more states which has the purpose of mobilizing funding and providing financial assistance to the benefit of its members that are experiencing or threatened by severe financing problems.

For the purposes of this definition, SPV's include only those entities that were established directly by government(s) and do not undertake any real activity beyond acting as a financing conduit. As such, this would NOT include any of the financial institutions created to hold or divest the non-performing assets of banks (commonly referred to as "bad banks"), as these entities have substantial financial operations requiring decision-making by their management. Additionally, a sovereign SPV would NOT include any entity established as part of a Public Private Partnership project, as these SPVs were not established by government(s) and therefore are not considered an SPV for states, regional or local authorities.

Decisions as to whether or not an entity should be included as a SPV rest with a committee formed of MDs from the Sovereign and Sub-Sovereign lines of business.
